

HILL & HARBOR DESIGN + BUILD

Hello Neighbors

It's nice to meet you! We are Hill & Harbor Design + Build, a full service Architecture, interior design, construction, furnishings, and maintenance firm that specializes in every aspect of coastal and historic new construction, knock down rebuilds, whole home remodels and additions. One of your neighbors hired us to remodel their home, and we are excited to be working in your neighborhood!

Over the next few months, you will likely see and hear some construction activity around the area. Our goal is to be respectful of you and your neighbors as we work to renovate our client's home. As with any construction project, there will be a more noticeable presence of personnel, machinery, and noise as we work. Our of courtesy for the community we intend to keep any potential disturbances limited to weekday hours between 7am-5pm.

At HHDB, we take our commitment to community safety very seriously. Our teams adhere to strict job site safety standards and undergo regular training. It is our hope that our work does not disturb your peace, property, or parking needs during our time here. If you do experience any form of inconvenience as a result of our presence, you can contact us directly.

We would be delighted if you consider us for any upcoming projects, whether for you or someone you know. As a dedicated full service firm, our mission is to craft spaces tailored just for you. Rest assured, our team is here to ensure your next project is stress-free and seamless.

Let's chat today about bringing your vision to life.

With our expertise your dream home awaits!
